2020 – 2021

» **ACADEMIC COORDINATOR**

MASTER IN ADVANCED ECOLOGICAL BUILDINGS & BIOCITIES

MASTER IN MASS TIMBER DESIGN (ONLINE)

- Two weeks before starting a new academic year, I effectively took charge of a master that spent months without a coordinator due the pandemic situation.
- Managed the organization and launching process of a new and fully online master.

Main activities: Coordinate professors • Review the courses' syllabus • Organise the program's activities • Manage the curriculum updates • Contribute to promote the program • Work on the applicants review and selection procedure • Follow the daily life of all the students of the master because, coming from all around the world, they live in the campus and the coordinator is their first reference for any need.

2020 – 2021

» **PROFESSOR**

MASTER IN ADVANCED ECOLOGICAL BUILDINGS & BIOCITIES

Main activities: Teach "Advance Ecological Thinking," a course dedicated to environmental justice and the relation between built and natural environments • Teach architecture studios focused on sustainable buildings • Training and evaluating students • Teaching both in traditional formats and through e-learning platforms • Semi-annual and annual planning • Building updated and comprehensible content • Tutor master thesis.

2020 – 2021

» **INVITED PROFESSOR**

MASTER IN INFORMATION AND COMMUNICATIONS TECHNOLOGIES IN EDUCATION (ONLINE)
MASTER IN PROFESSIONAL FORMATION AND EDUCATION, DRAWING SPECIALTY (ONLINE)

- Thanks to my experience, I became one of the very few professors of these programs without a bachelor degree related to pedagogy.
- Fastly studied a complete new legislation in a short period of time to be ready to teach in the Spanish context.

Main activities: Teach “Design and Development of Digital Educational Resources” • Tutor master thesis in education and online education • Teach courses in a 100% online format • Tutor master thesis in a 100% online format • Follow online courses of 90 students • Contribute to design the institution research agenda • Semi-annual planning • Update my knowledge related to e-learning tools and methodologies.

UCV - Universidad Central de Venezuela. Venezuela

<http://www.ucv.ve/>

2009 – 2020

» **PROFESSOR:**

INSTRUCTOR 2009 • ASSISTANT 2013 • AGREGATE* 2015 • ASSOCIATE 2019

**In Venezuela Agregate is the third academic rank, after Assistant and before Associate.*

SCHOOL OF ARCHITECTURE

- Taught architecture and urban design studio courses during 10 years.
- Created the subject “Approach to Research in Architecture,” dedicated to teach students how to research in areas related with architecture and urban design, that is now part of the bachelor program.
- Became the first professor in the faculty approved to teach fully through e-learning platforms (Moodle based).
- Invited to teach summer courses in Universidad Simón Bolívar in Caracas, Advance Institute of Architecture of Catalonia in Barcelona, and Wentworth Institute of Technology in Boston.
- Part-time from 2009 to 2012, and full-time since 2012.

Main activities: Taught architecture and urban design studios • Taught research methodology • Contributed to landscape design, urbanism, and representation courses • Trained and evaluated students • Taught both in traditional formats and through e-learning platforms • Semi-annual and annual planning • Built updated and comprehensible content • Built research projects • Developed and spread research • Handled research budget • Presented research results both in the triennial conferences and as a requirement to be promoted • Organized and conducted conferences and workshops • Tutored final degree projects and postgraduate thesis • Guided a wide range of interns and community services.

2014 – 2015

» **DIRECTOR**

SCHOOL OF ARCHITECTURE

- Thanks to my success as Coordinator, I became the youngest Director of the School of Architecture in its 75-year history.
- During the first month, I refined the organization of the administrative staff, improving their performance and the general mood in the office.
- Effectively directed the most important architecture program in Venezuela in the middle of a difficult time for the country with important instability and really low budgets.

Main activities: Managed more than 150 people (professors, white-collar and blue-collar workers) • Handled the budget • Built agreements with other faculties and institutions • Coordinated the different departments and offices • Supervised the website and social media of the program • Conducted the School Council • Represented the program before the Faculty Council.

2013 – 2014

» **ACADEMIC COORDINATOR**

INSTITUTE OF URBANISM - MASTER IN URBAN DESIGN

- In one semester, I was able to restart the activities of a program that had been closed for two years and had three different coordinators.

Main activities: Coordinated professors • Organized the program's activities • Managed the curriculum update • Administered the image, website and social media of the program • Defined the selection criteria for the applicants • Built bonds and exchanges with other programs • Represented the program before the Academic Committee.
